Drooping eyes

Sharp eyes

She thought that she would stay happy forever, until one day a girl claiming to be her daughter's friend comes in and destroys her daily life, even now I wanted to read a story with this kind of scenario, but since there were none I had to draw one myself.

Dedicated housewife▶
Good wife to her husband, her character is a bit hectic so she can be easily influenced by other people, proud of her daughter, popular in the neighborhood.

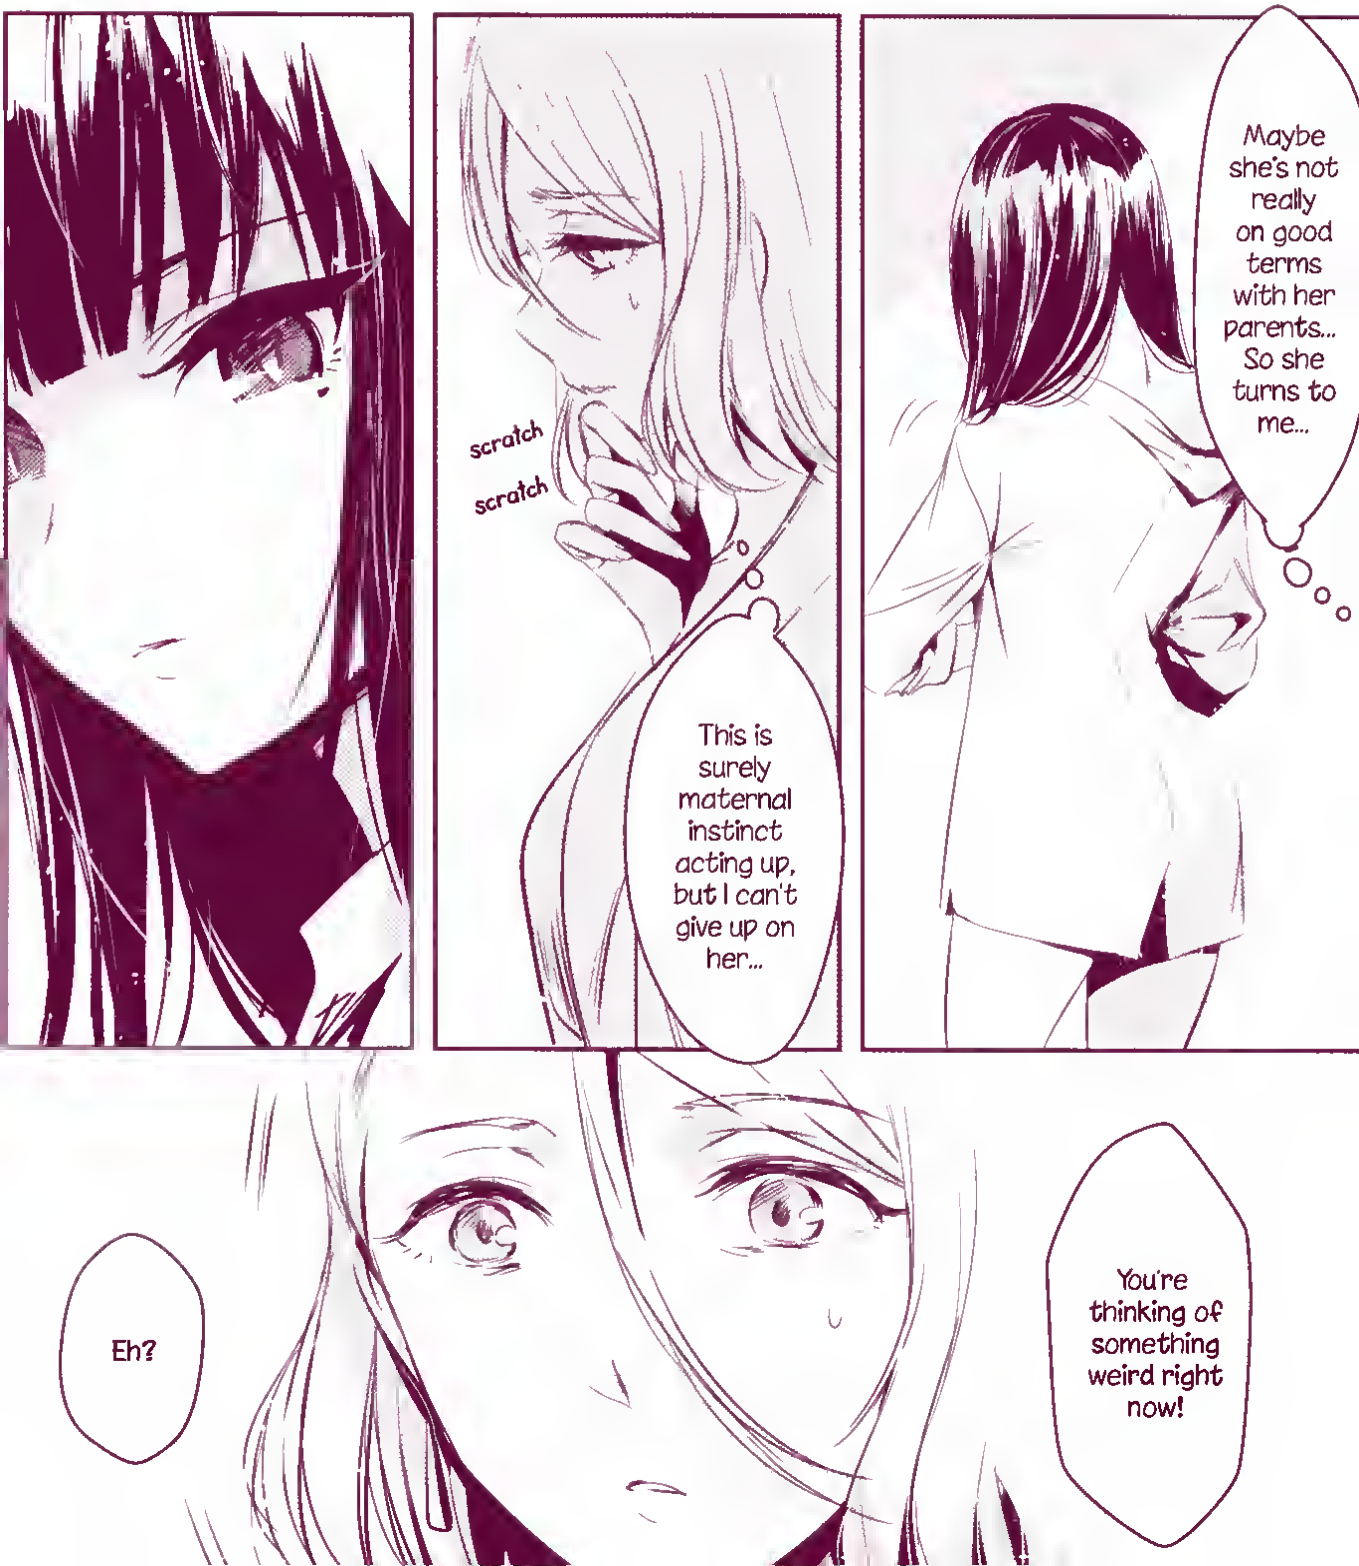
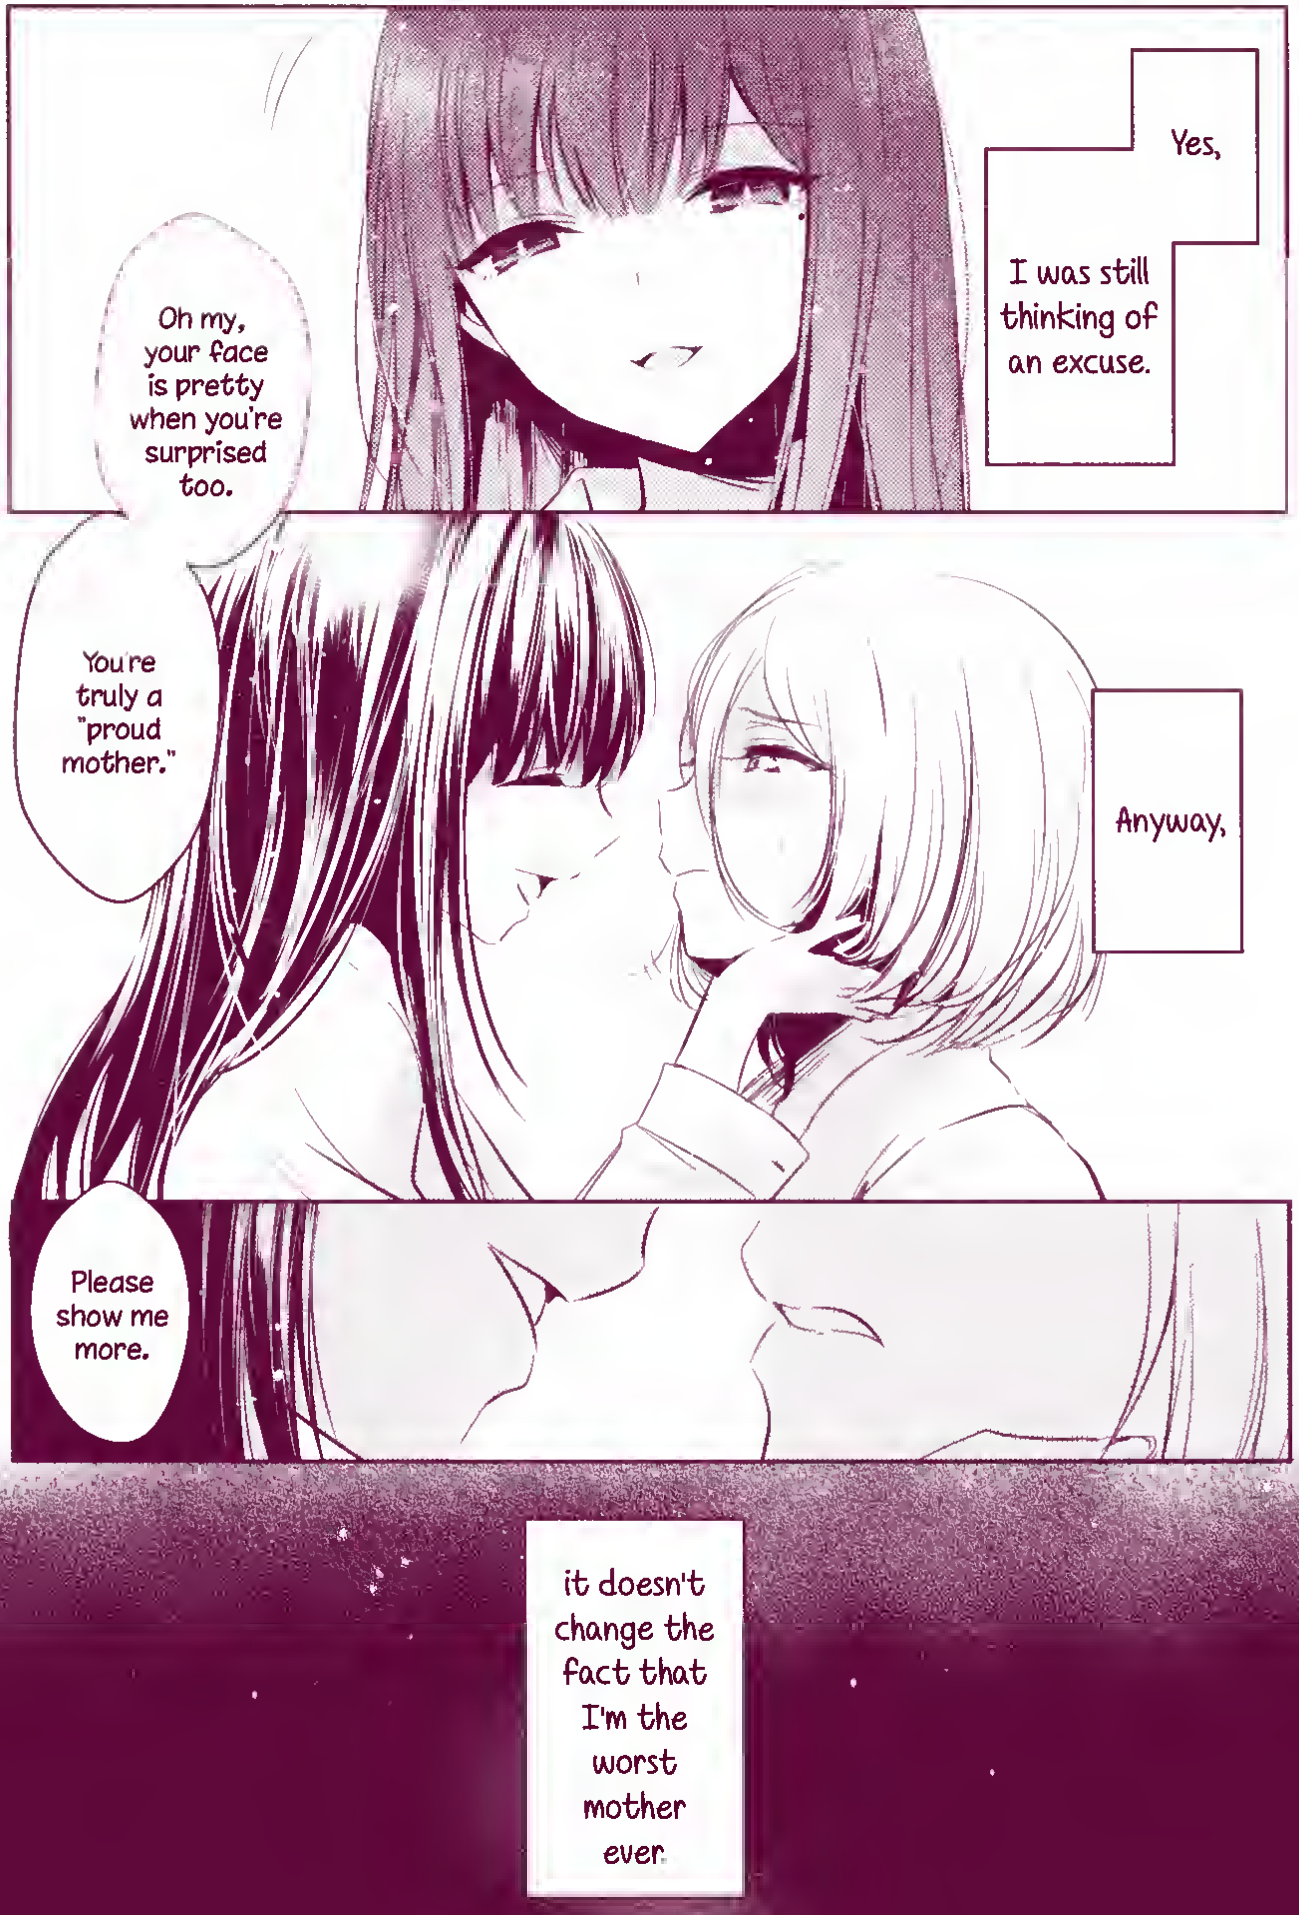
Maybe that girl is looking for a mother and she's seeing it in me?

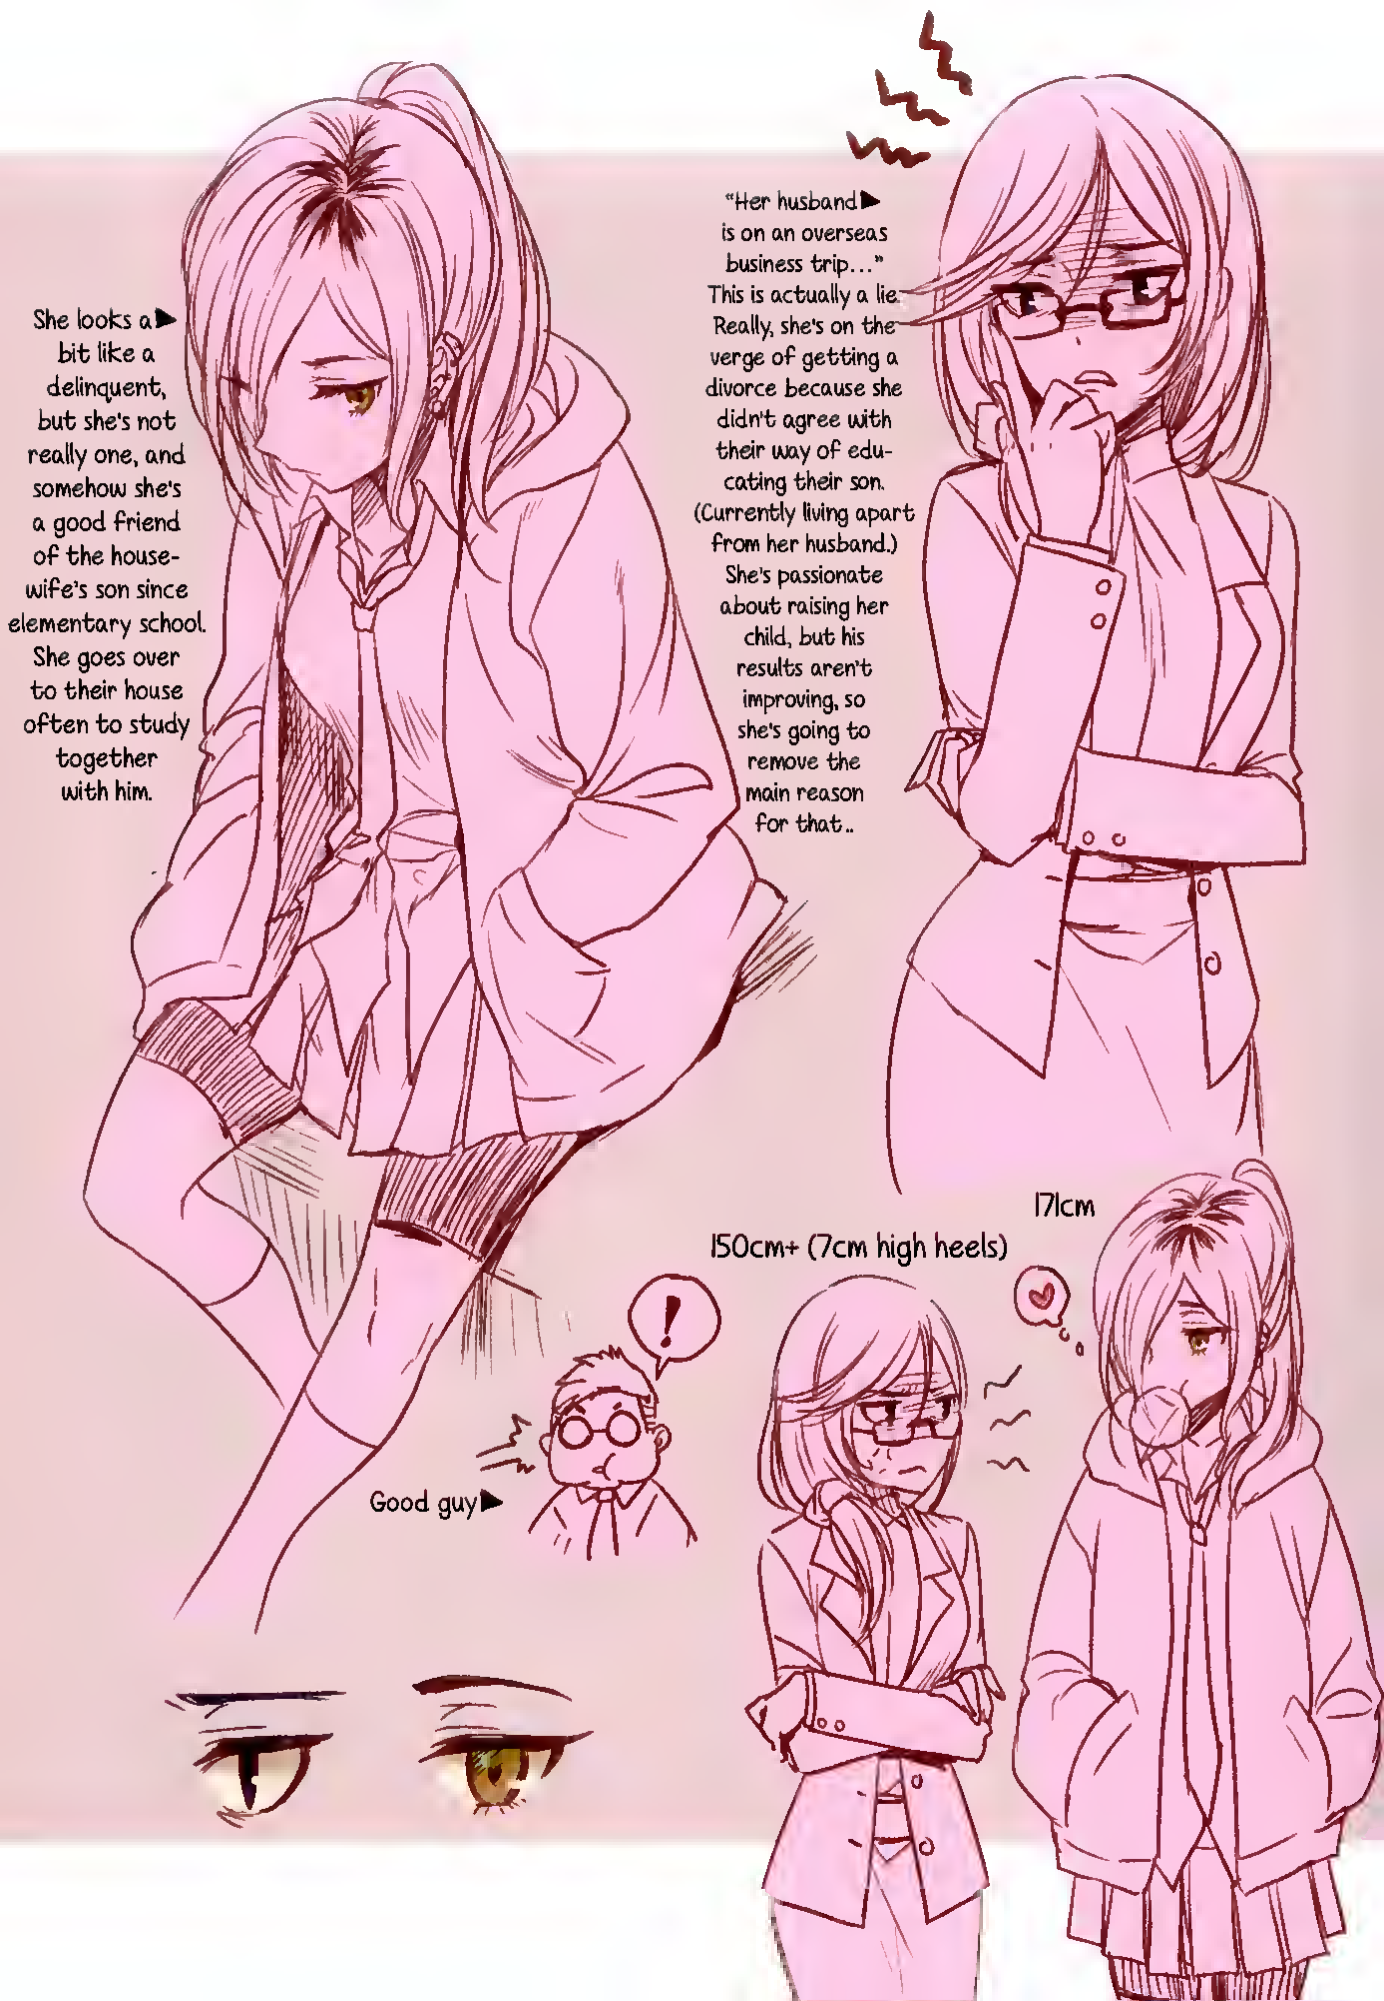


scratch
scratch
This is surely maternal instinct acting up, but I can't give up on her...
Maybe she's not really on good terms with her parents... So she turns to me...
Eh?
You're thinking of something weird right now!

Hey!
chuckle
A normal mother wouldn't do this, don't you agree?



Yes,
I was still thinking of an excuse.
Oh my, your face is pretty when you're surprised too.
You're truly a "proud mother."
Anyway,
Please show me more.
it doesn't change the fact that I'm the worst mother ever.



She looks a bit like a delinquent, but she's not really one, and somehow she's a good friend of the housewife's son since elementary school. She goes over to their house often to study together with him.
"Her husband is on an overseas business trip..." This is actually a lie. Really, she's on the verge of getting a divorce because she didn't agree with their way of educating their son. (Currently living apart from her husband.) She's passionate about raising her child, but his results aren't improving, so she's going to remove the main reason for that..

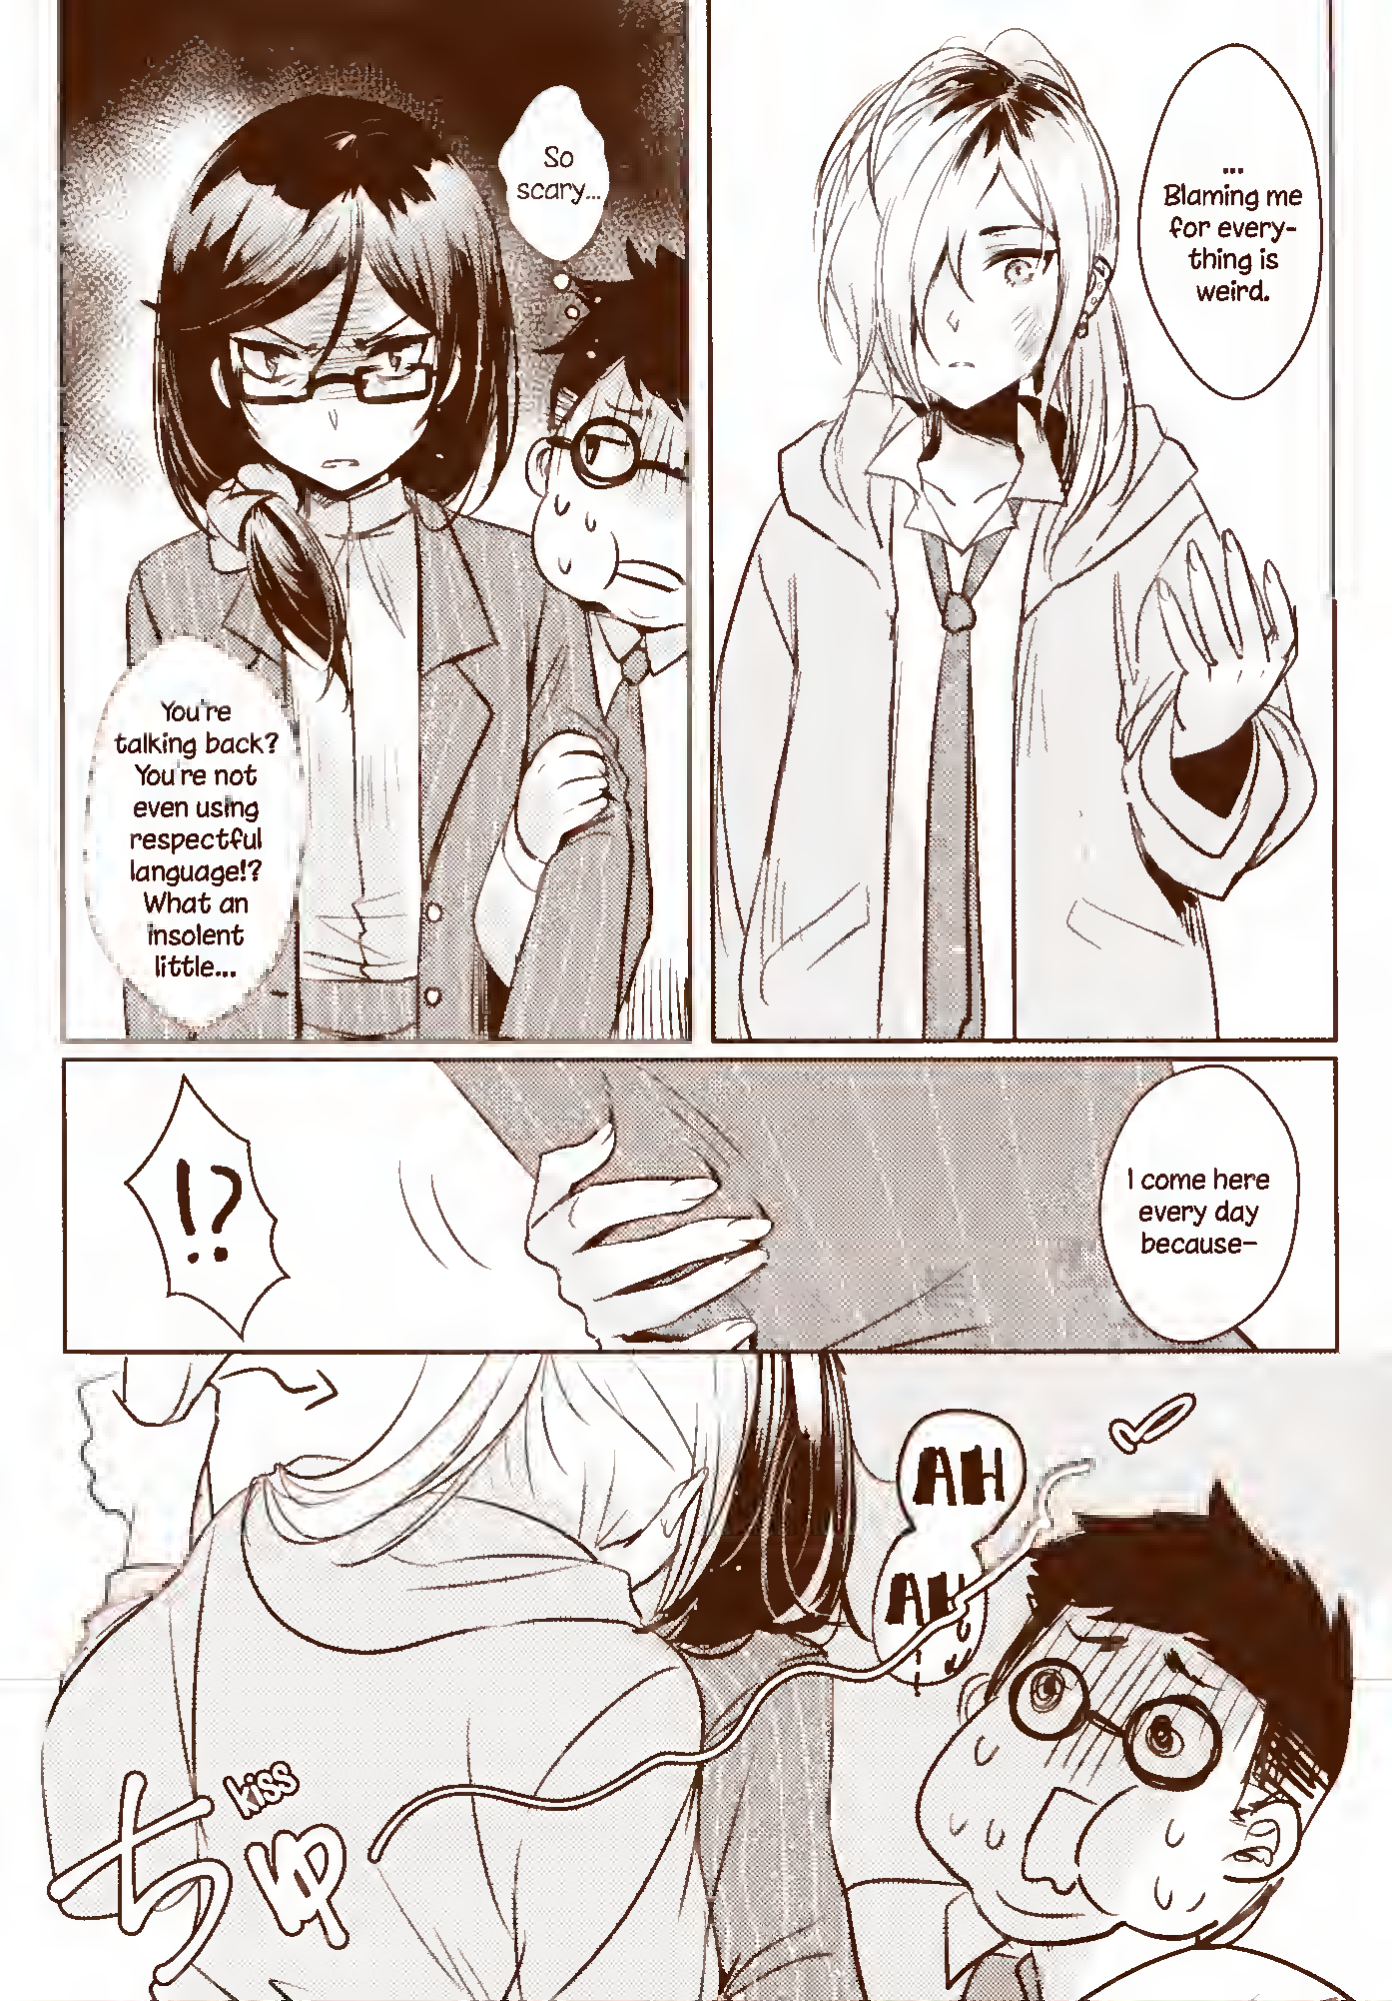
You always turn up your charm...! Even though this is a crucial time!
I never liked you in the first place. Ever since you started coming here, every single day, my son's results have been worsening!
Mother, wait!
It's all your fault!



So scary...
You're talking back? You're not even using respectful language!? What an insolent little...
... Blaming me for everything is weird.
I come here every day because-
!?

-I was aiming for you.
This is insane.
Hey!?
K- Keep it together! Hey!
At that moment, the door to a completely new world opened inside of me

She has a small, slim body, so you always feel like feeding her something
You can guess why she started wearing long sleeves short after trying to make an unfashionable skirt shorter
Part housewife, part writer
No child
Her husband is also busy with work and doesn't come home often (though that doesn't mean they aren't getting along)
She also loves Marlboro Ice Blast Mega 5s

Was she kicked out? Domestic violence maybe?
I can't leave her like that now that I've made eye contact, but even if I offer her help...

You know,
I've made way too much curry, so could you help me out and eat some?

...Okay.

Afterword

Housewife x Middle schooler yuri is the best.
Nobody has drawn this, so
I had to do this, right!!!?

Yes, that's the feeling behind this book.
Life is amazing when you can fulfill your desires

I think it's obvious, but this a preview book.
I'm going to draw housewife x middle schooler, and this is kind of an introduction to it
Between my main activity (otaku activities) and my secondary activity (work),
I think I'll have time to draw it bit by bit, most likely.

Now you annoying guys can come spam my Twitter and email with
"My wife x mid schooler is better than yours!!"
Please go ahead.

With that said, see you next time

Thanks to ShioKyabetsu for proofreading this work.
